

What Really Happened at Pentecost?

by Peter Michas (book)

Today, counterfeit supernatural manifestations—assumed by many believers to be manifestations of the Spirit of God—are found throughout various segments of Christianity. For this reason, it is absolutely essential that the believer be solidly grounded in Biblical truth in order to discern actual manifestations of the Spirit of God from counterfeit manifestations of Satanic or demonic origin, or simply of human egos and emotions.

What Really Happened at Pentecost? is a fundamental, in-depth study of one of the most controversial subjects in Christianity today. We believe the gifts of the Spirit are in operation today, never having ceased in operation from the Early Church period. Yet, there is a great deal of misunderstanding and misinterpretation of the Scriptures concerning this extremely important aspect of the life and experience of believers. This has led to a great deal of spiritual deception and apostasy inside Christianity, including such manifestations as Marian apparitions, the Toronto Blessing and Holy Laughter.

To better understand the gifts of the Spirit, and in particular the gift of tongues, the pattern that was established by God at the first Pentecost on Mount Sinai during the Exodus is examined. What Really Happened at Pentecost? restores the original context to better understand the gifts of the Spirit.

Price List: Each book is \$15. Postage and mailing costs: SEE “HOW TO ORDER” information on Messengers of Messiah’s web site (www.messengers-of-messiah.org).
